

WHITE PICKET FENCE

Modu-Loc's white picket fence is the premium crowd control option for high-end special events and brand activations. Made of high-quality PVC and powder-coated steel, our white picket panels offer improved longevity versus traditional wood panels. Secure patios, exhibits or VIP areas without compromising on style.

PUBLIC SAFETY - effectively manage the access and flow of attendees at events

DIMENSIONS: 41 inches (1.04 metres) tall by 7.5 feet (2.29 metres) long

HIGH-QUALITY PVC: panels are both durable and lightweight

Providing industry-leading site containment solutions nationwide
