

ALUMINUM BARRICADE

SECURING WHAT MATTERS

Modu-Loc's stage barricade is an attractive and effective barrier for containing large crowds at the outskirts of a stage or any other area to which access must be restricted.

ENHANCED SECURITY through restricted access to controlled areas

EFFECTIVE PROTECTION FOR THE STAGE

OPTIMUM CROWD CONTROL - heavy-duty step provides elevation for security workers, allowing access to front of crowd for maximum control

MATERIALS - aluminum

WEIGHT - 123 lbs

COLOUR - grey

CAPACITY - 200 lbs per linear foot

COMPONENTS - barricades with dolly (9 barricades per dolly)

MANPOWER - 2 stagehands

Providing industry-leading site containment solutions nationwide
